

ARCHITECTURAL Design & Development Ltd.

▪ **Company Objectives**

Our policy is to delivery projects on time and within budget while achieving the highest standards and quality levels. We are committed to design excellence and place a strong emphasis on customer satisfaction as our customer testimonials will verify.

▪ **Company Sponsorship**

Our company is always willing to assist local community organisations with sponsorship or financial assistance. We have been generous donators in the past to a range of community groups such as our local GAA Club and music festival. We recently presented a new set of jerseys to Brosna GAA Club (see right). We particularly like to assist organisations that have used our services in the past.

▪ **Environmental Policy**

Our company is committed to a “green policy”. Where possible we use environmentally friendly material in our construction projects and try to adhere to all energy efficient standards. Our company office also operates a green policy using only certified recycled paper and refilling used ink cartridges. All office equipment that is not in frequent use is shut down, hence saving electricity.
